PURPOSE

Every Financial Service Provider ("FSP") must adopt, maintain and implement a Conflict-of-Interest Management Policy which complies with the provisions of the Financial Advisory and Intermediary Services Act, 37 of 2002.

A conflict of interest arises when an actual or potential interest may influence you to not act fairly, independently, and objectively towards your client.

WOODLAND WEALTH and its representatives are committed towards acting within the best interests of our clients and to avoid all conflict of interests in relation to the provision of financial services. Where we are unable to avoid a conflict of interest, we will take all necessary precautions to ensure that any actual or potential conflict of interest is mitigated and adequately disclosed to our clients. In order to ensure the continued demonstration of our commitment, we have adopted a Conflict-of-Interest Management policy to provide for the effective management of any actual or potential conflicts of interest that may arise wholly or partially, in relation to the provision of financial services.

APPLICATION & RESPONSIBILITY

This policy applies to all employees (permanent or temporary), directors, representatives and Key Individuals and they are all responsible to identify a conflict of interest and to read and understand this policy.

All employees are required to familiarise themselves with the policy, undertake required training and adhere to the policy.

INTERNAL CONTROLS TO IDENTIFY CONFLICTS OF INTEREST

We have implemented the following internal controls to identify actual or potential conflicts of interest that may arise:

- Regular reviews on all contracts held with third parties to assess whether the contractual relationship in any way influences our objective performance towards our clients.
- Regular reviews on all relationships where an ownership interest exists between us and a third party. The purpose of the review is to assess whether the relationship in any way influences our objective performance towards our clients.
- Conflict of Interest declarations are signed by all relevant personnel on an annual basis.
- The list of associates and third parties are reviewed and updated on a regular basis.
- We maintain a Gift Register. All gifts received from a third party with an estimated value of **R500** or more will be recorded in Woodland Wealth's Gift Register.
- All applicable individuals are required to immediately disclose any actual or potential conflicts of interest as soon as they become aware of such situation.

CONFLICT IDENTIFICATION

Throughout the process of rendering a financial service to a client, a representative must apply his or her mind to answering the following questions:

- Is there a situation that influence the objective performance of my obligations to my client? (Is there a financial gain OR loss that will negatively affect impartiality and independence?)

- Is there any situation that exists that prevents me from rendering an unbiased and fair financial service to my client?

A negative answer to these questions will indicate that no obvious conflict exists. However, a positive answer must be followed by the following questions which will lead to a conflict being identified:

- Is it caused as a result of an actual or potential relationship with a 3rd Party
- Is it caused by an actual or potential financial or ownership interest?

MANAGEMENT OF CONFLICT

Once an actual or potential conflict of interest has been identified, it must be reported to the Responsible person. the Responsible Person will evaluate the actual or potential conflict of interest and assess whether it is possible to avoid it.

Evaluation Process

The following must be considered -

- The possible negative impact it will have on our clients where the actual or potential conflict of interest is deemed to be unavoidable
- The possible negative impact it will have on the integrity of the financial services industry where the actual or potential conflict of interest is deemed to be unavoidable.

AVOIDANCE	UNAVOIDABLE CONFLICT / MITIGATION
Removing the underlying cause or situation that results in the actual or potential conflict of interest as soon as reasonably possible.	Measures will be implemented to mitigate the actual or potential conflict as far as reasonably possible.
Any immediate negative impact or prejudice towards clients pending the removal of the actual or potential conflict of interest will be kept to a minimum.	The reasons why the actual or potential conflict of interest was determined to be unavoidable must be recorded.
The reasons why the actual or potential conflict of interest was determined to be avoidable must be recorded.	Control measures must be implemented to reduce the negative effect on the client.
	The status of whether the actual or potential conflicts of interest's is still deemed to be unavoidable shall be reassessed on a continuous basis.
	All representatives will be notified of any actual or potential conflicts of interest as well as the reasons for its unavoidability.

DISCLOSURE OF CONFLICTS OF INTEREST

Woodland Wealth is committed to ensure that clients are fully informed about actual or potential conflicts of interest in relation to the provision of financial services. The written disclosure must include the following information:

- The nature of any relationship or arrangement with a third party that gives rise to a conflict of interest
